Declaring that "Americalism and peace, preparedness and prosperity—are the issues upon which the democratic party stands, and the heart of democ racy swells with pride that is more than a pride of party, as it halls the cantam, assured this peace, advocated this preparedness and produced this prosperity," he predicted the re-elec-

"It took Washington and his successors eighty years of andless negativities to who recommends of endless negotiation to win recogni-tion of American neutrality. And this eighty years of struggle wove the doctrine of neutrality as closely into the warp and woof of our na-tional life that to tear it out now would unravel the very threads of our existence." By the records or history Mr. Glynn maintained that if Washington and Lincoln were right, President Wilson is right. The neu-trality that President Wilson stands for today a is advocated by Washington, by Hamilton, by Jefferson and by Lincoln.

By citing precedents; Mr. Glynn

instiffed and defended the course of the president in the Luctonia and similar incidents. "In the face of this record," he asked: "Do republicans realize that when they arraign the policy of the president of the United States today they arraign the policy of Harrison, of Blaine, of Lincoln and of Grant?
